Phase boundaries, lots & the Town Center tract: Bay County, FL recorded plats (public record), plat book/page shown per phase. Lake and pond positions measured from the builder's June 2026 site plan and redrawn. · retrieved 2026-08-20

Illustrative only — not a survey. Boundaries, homesite counts and street data are public record; for what is actually for sale today, ask Karen.

Area 1 is Phases 1 through 10 — ten phases across sixteen recorded plats, Phase 10 (PB 33/98) the last of them. The sixteenth plat is the Town Center, not an eleventh phase: there is no Phase 5A to buy in. Area 2 has no recorded plat yet, so how its phases will be numbered is not public.
